## **PRESS RELEASE**

### **Windham Mountain Resort Joins Forces With M.A.X. Pass!**

**Windham Mountain Resort, NY (March 15, 2017)** Windham Mountain Resort is on the M.A.X. Pass™ roster for the 2017/2018 season. The M.A.X. Pass (Multi-Alpine Experience Pass) is perfect for skiers and snowboarders who are looking to get the most North America has to offer. This pass allows 5 days of skiing/riding at each of the 44 participating mountains, with no blackout dates, giving pass holders the flexibility to use the M.A.X. Pass where and when they want. Until May 1, 2017, the M.A.X Pass is available for \$629.

Windham’s Double Diamond Pass holders will also have a unique opportunity to “MAXify” with the M.A.X Pass add-on. Opting in for just \$329 through May 1, 2017, gives the Double Diamond Pass holder 5 days at each of the other 43 premier mountain ski resorts around the U.S., including the west.

Windham Mountain Resort is one of four ski resorts in New York State to join forces with M.A.X Pass for the 2017 / 2018 season. “With the addition of Windham, Belleayre, Gore and Whiteface Mountains in upstate New York, the M.A.X. Pass now includes 19 resorts in the East forming an excellent multi-mountain pass for the region, making it easy for day and weekend trips.” Said Wade Martin, chief revenue office at POWDER Magazine.
